

Ordering information

Fully integrated lift mechanism installation

1	Lift mechanism set			
	LF	OW		
	420–1610	107°		24K2300
	930–2800	107°		24K2500
	1730–5200	107°		24K2700
	2600–7800	107°		24K2800
Consisting of:				
2 x	Symmetrical lift mechanism in onyx black			
LF	Power factor			
OW	Opening angle (infinitely variable adjustment)			
Note: Max. front weight 18 kg with two lift mechanisms!				

Semi-integrated lift mechanism installation

1	Lift mechanism set for TIP-ON			
	LF	OW		
	420–1610	107°		24K2300T
	930–2800	107°		24K2500T
	1730–5200	107°		24K2700T
	2600–7800	107°		24K2800T
Consisting of:				
2 x	Symmetrical lift mechanism in onyx black			

i Power factor (LF) = cabinet height (KH) [mm] x front weight incl. double handle weight [kg]

Using the power factor, you can calculate the number of required lift mechanisms. The power factor required depends on the weight of the front (incl. double the handle weight) and cabinet height. When using a third lift mechanism (a power factor increase of up to 50%), we recommend a trial application. **Note:** We recommend an additional lift mechanism attached to the centre panel for wide cabinets. The reason for this is to prevent the front from sagging when open. A trial application is recommended when you are in a borderline area of the individual lift mechanism!

2	Symmetrical front fixing bracket			
	Colour			
	Onyx black			
	Fixing method			
	EXPANDO 5 mm	2 x		24K42E1
Version				
Narrow and wide alu frames	2 x		24K4201A	

3	Cover cap set			
	Material		Colour	
	Nylon		HGR, SW, TGR	
			24K8000	
Branding element stamped with Blum logo in in-mould brushed stainless steel ABD.1009.BT pre-mounted				
Required for the semi-integrated lift mechanism installation only				

4	Branding element			
	Material			
	Nylon			
Version		Colour		
Printed *	2 x	SW-M, TGR	IN-G	
		ABD.1000.BL	ABD.1009.BL	
Customised, printed branding element – starting from 1000 pcs				
Embossed *	2 x	ABD.1000.BT	ABD.1009.BT	
Customised, embossed branding element – starting from 5000 pcs				
Plain	2 x	ABD.1000	ABD.1009	
* With Blum logo				
Required for the semi-integrated lift mechanism installation only				

Accessories

5	TIP-ON Set		
	For drilling	Material	Colour
		Nylon	SW, CS, R7036
Version		Cabinet height KH (mm)	
Short version		Up to 600	956.1004

6	Adapter plate		
	Screw-on	Material	
		Nylon	
Straight adapter plate			
Version		Colour	
Short version		SW, CS, R7036, NI-L	956.1201
Cruciform adapter plate			
Version		Colour	
Long version		R7036	956A1501

Assemble using Ø 3.5 mm or Ø 4 mm chipboard screws. TIP-ON must be ordered separately.

7	Catch plate		
	Nickel plated		
	Material		
			Steel
Screw-on catch plate			
For hard surfaces and/or MDF, Ø 2.5 mm pre-drilling and countersinking, if required			
			955.1008S
Press-in catch plate			
Pre-drilling Ø 5mm			
			Ø 11.5 mm
			955.1008D
Glue-on catch plate			
			13 x 18 mm
			955.1008

Colour	
HGR	Light grey
SW	Silk white
TGR	Dark grey
CS	Carbon black
R7036	RAL 7036 platinum grey
NI-L	Nickel-lacquered
IN-G	In-mould brushed stainless steel

-	MINIMILL		
	For fully integrated lift mechanism installation with side panel thicknesses of 16–25 mm		
Consisting of:			
-	1 x	MINIMILL	
-	2 x	Chain	
Optional for MINIMILL			
-	Chain		
-	Extension ruler		

Optional

-	Raw boards set, pre-milled		
	2x MDF raw boards 600 x 450 x 19 mm moisture resistant including spacers		
	Full integration		
			24K7100

-	Flush milling cutter 4mm		
	To expose the milled slot after attaching facings to the raw board		
	Full integration		
			M45.ZF04

-	Milling templates set		
	Milling template for lift mechanism, milling template for insert panel, base plate		
	Full and semi-integration		
			65.5840

-	Copy milling cutter 19 mm		
	Ideal in combination with milling templates set		
	Full and semi-integration		
	Cutting insert set for copy milling cutter		
	10x cutting inserts		
			M45.ZF19
			M34.ZW50

-	Spacer		
	As transport and assembly protection		
	Full integration		
			M45.1010

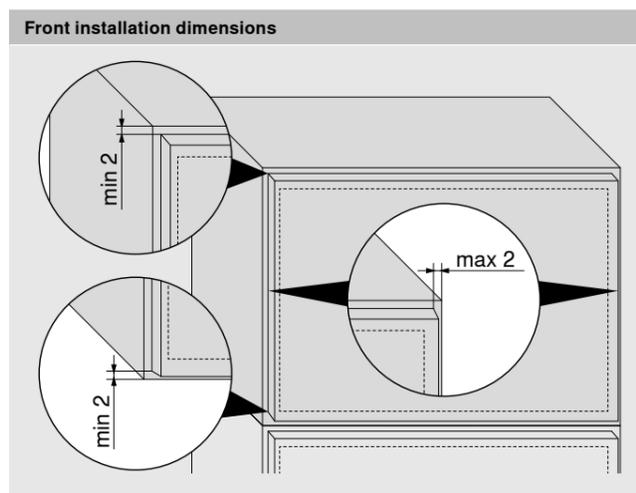

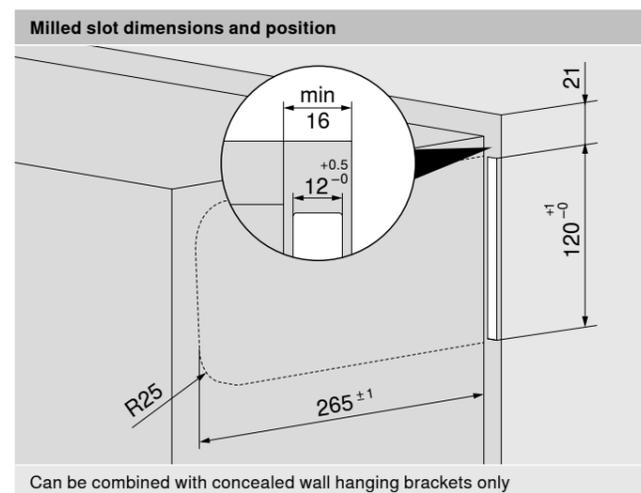

Our Product Configurator makes it easy for you to choose your products.

Front assembly

Planning

Space requirement

Space requirement – Cornice | Crown moulding

Space requirement (mm)

At max. opening angle
 $Y_{max} = FH \times 0.29 - 32 + FD$
 $A = FH \times 0.26 + 28 - FD$ with opening angle stop

FD (mm)	16	18	19	20	22	26
Z (mm)	70	63	59	57	49	35

SOB Top panel thickness
 FD Front thickness
 FH Front height
 OW Opening angle

Minimum gap

Minimum gap MF is 2 mm

Our EASY ASSEMBLY app provides all the information you need for quick and easy installation and adjustment

Marketing

You will find professional photos, videos, brochures and presentations on AVENTOS HKi in the Marketing Media Library. Get some fresh inspiration and use our marketing material to persuade your customers in sales conversations.

Concept, planning, quotation

Plan, configure and save your AVENTOS HKi projects online with ease – with our free configurators. This enables you to obtain checked and complete parts lists for your customer quotes.

Design

The Cabinet Configurator helps you to design cabinets and displays them in 3D. You can find the corresponding AVENTOS HKi options using the integrated Product Configurator. Our CAD/CAM Data Service provides you with data in the most common formats for your design software.

Supporting you every step of the way

We at Blum will support you along the entire process chain – from marketing, planning and product selection right through to after sales service. Take advantage of our user-friendly services for your projects with AVENTOS HKi.

Ordering

Simply transfer your parts lists from the Cabinet and Product Configurator directly to your distributor's web shop. In order to speed up your AVENTOS HKi configurations, you can manage your different projects and templates with ease under "My projects" or "My library".

Manufacturing

Use our configurators and appropriate assembly devices to accelerate your production process. Use our templates or MINIMILL for AVENTOS HKi.

Installation

Do you want to install and optimally adjust our fittings? The EASY ASSEMBLY app for smartphones and tablets answers any questions you may have about assembly and adjustment. It contains installation instructions and videos for all our products.

After sales service

We are delighted to provide you with continued support after you purchase AVENTOS HKi. Your contact at Blum will be happy to answer any questions you might have about our products and services.

For more information about our services, go to:
www.blum.com/e-services
